Fanni builds a sand village

Fanni bygger en sandby

Playful series about the creative little girl, Fanni, who uses her skills and imagination to build adventures and new friends out of materials, such as beads, thread, playdough, and sand. Aimed at 2-6 year-olds.

Inger Tobiasen is one of the best-known Danish illustrators of children's books – with her recognisable style, she catches the sentiments of children beautifully and she has provided artwork for many books, also by other authors.

SYNOPSIS

Fanni loves building with sand. She builds a village with lots of houses. It looks so great and she is very proud. But then she thinks something is missing. Because a village without inhabitants is not quite right...

The book is part of a series of five books where Inger Tobiasen mixes illustration and photography to create a playful, creative feeling.
