SYNOPSIS

Holly can't hear well and her mother drags her along to the ear doctor. Soon Holly has to live with a neon green hearing aid which is hard to hide to her classmates. It is also impossible to regulate the apparatus, so Holly's diy-capable girl-friend, Jose, comes to her aid.

Perhaps it is a Jose's messing with the hearing aid, or perhaps it's just Holly who is suddenly developing super powers: the fact remains that suddenly Holly is able to hear EVERYTHING. She can listen in to all sorts of conversations and soon she realises that a mad man is planning to blow up the school.

Will Holly and her friends manage to stop him before the school is blown to pieces?
